America: A Narrative History-Tindall, George Brown 2012-11-13 America has sold more than 1.8 million copies over the past eight editions because it's a book that students enjoy reading. Effective storytelling, colorful anecdotes, and biographical sketches make the narrative absorbing and the material more memorable. The Brief Ninth Edition is 20% shorter, and includes refreshed and updated coverage of African American history, and has been streamlined from 37 to 34 chapters.

America-David E. Shi 2016-06-01 With more than two million copies sold, America remains the leading narrative history survey text because it's a book that students enjoy reading. The Tenth
Edition is both more relevant, offering increased attention to the culture of everyday life, and more accessible, featuring a reduced number of chapters and a streamlined narrative throughout.

The Emergence of the New South, 1913–1945—George Brown Tindall 1967-11-01

The history of the South in this century has been obscured in the ever-growing mass of information about the region’s rapid change and turbulent development. In this book, Volume X of A History of the South, the historical image of the modern South is brought into full focus for the first time. George Brown Tindall presents a thorough and well-balanced historical narrative of the region during the years 1913–1945 when the South underwent a transformation from a predominantly agricultural area to one of growing industrialization. The inauguration of President Woodrow Wilson ended a half century of political isolation for the South and ushered in an era of agrarian reforms, prohibition, woman suffrage, industrial growth, and recurring crises for Southern farmers. During the 1920’s the South was caught in a contrast of urban booms and farm distress. There were flareups of racial violence, and the Ku Klux Klan was revived. Mr. Tindall devotes considerable attention to the Southern literary renaissance which produced William Faulkner, Thomas Wolfe, and many other notable writers and critics. The Emergence of the New South provides a new understanding of the changing political and social climate in the South under the stresses of depression, the New Deal, the labor movement, Negro unrest, and two world wars.

America—David E. Shi 2015-02-01 An essential narrative of American history, with a focus on core learning objectives in the text and online.

U.S. History—P. Scott Corbett 2017-12-19
Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Building the American Republic, Volume 1—Harry L. Watson 2018-01-18 "Building the American Republic tells the story of United States with remarkable grace and skill, its fast moving narrative making the nation’s struggles and accomplishments new and compelling. Weaving together stories of abroad range of Americans. Volume 1 starts at sea and ends on the field. Beginning with the earliest Americans and the arrival of strangers on the eastern shore, it then moves through colonial society to the fight for independence and the construction of a federal republic. Vol 2 opens as America struggles to regain its footing, reeling from a presidential assassination and facing massive economic growth, rapid demographic change, and combustive politics.

The Simple Life—David E. Shi 2007 Looking across more than three centuries of want and prosperity, war and peace, Shi introduces a rich cast of practitioners and proponents of the simple life, among them Thomas Jefferson, Henry David Thoreau, Jane Addams, Scott and Helen Nearing, and Jimmy Carter.

Kindred—Octavia E. Butler 2004-02-01 The visionary author’s masterpiece pulls us—along with her Black female hero—through time to face the horrors of slavery and explore the impacts of racism, sexism, and white supremacy then and now. Dana, a modern black woman, is celebrating her twenty-sixth birthday with her
new husband when she is snatched abruptly from her home in California and transported to the antebellum South. Rufus, the white son of a plantation owner, is drowning, and Dana has been summoned to save him. Dana is drawn back repeatedly through time to the slave quarters, and each time the stay grows longer, more arduous, and more dangerous until it is uncertain whether or not Dana's life will end, long before it has a chance to begin.

For the Record - David E. Shi 2019
For the Record features 264 primary-source selections—both textual and visual—drawn from a broad range of government documents, newspapers, speeches, letters, and novels. In the Seventh Edition, timely new selections on immigration allow students to better understand the issues of today. For The Record remains an incredible value as a stand-alone and is also the perfect companion reader for the America family of books by co-editor David E. Shi.

All American Boys - Jason Reynolds 2015-09-29
When sixteen-year-old Rashad is mistakenly accused of stealing, classmate Quinn witnesses his brutal beating at the hands of a police officer who happens to be the older brother of his best friend. Told through Rashad and Quinn's alternating viewpoints.

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool. The best-selling Seagull Edition is also available in full color for the first time.

Building the American Republic, Volume 2 - Jane Dailey 2018-01-18
What was America? The question resounds today more than ever. While countless contemporary textbooks have sought to relate this country's history, most have done so in fragmented, dilated, or unapproachable ways. These two volumes break down all the barriers to a full understanding of America: it has just two authors, each with a strong point of view; it is told in pure narrative form, befitting its riveting story; and it is as low-cost a textbook as there has ever been. Unlike other open access textbooks, Building the Republic is authoritative and coherent. Throughout, Harry Watson and Jane Dailey emphasize the enduring and multifarious influence of religion, the evolution of law and legal norms, and the distinctive history and influence of the South. And they take a capacious view of the role of politics in US history, beyond simple “political history." These two volumes sweep the reader up in the inimitable history of a country forever remaking itself.

Facing Facts - David E. Shi 1996
Shi provides the most comprehensive history to date of the rise of realism in American culture, vividly capturing the character and sweep of this all-encompassing movement that ranges from Winslow Homer to the rise of the Ash Can school, from Whitman to Henry James to Theodore Dreiser.

Race in America - Matthew Desmond 2020-07
With a groundbreaking intersectional approach framed around social spheres, Race in America gives students the tools to think critically about race, racism, and white privilege. In this thoroughly updated Second Edition, students will find relevant examples drawn from the headlines and their own experiences. New features in the text and online help students see the "big picture"--and how they can participate in the fight for racial equality.

Communities in Action - National Academies of Sciences, Engineering, and Medicine 2017-04-27
In the United States, some populations suffer from far greater disparities in health than others. Those disparities are caused not only by fundamental differences in health status across segments of the population, but also because of inequities in factors that impact health status, so-called determinants of health. Only part of an individual’s health status depends on his or her behavior and choice; community-wide problems like poverty, unemployment, poor education, inadequate housing, poor public transportation, interpersonal violence, and decaying neighborhoods also contribute to health inequities, as well as the historic and ongoing
interplay of structures, policies, and norms that shape lives. When these factors are not optimal in a community, it does not mean they are intractable: such inequities can be mitigated by social policies that can shape health in powerful ways. Communities in Action: Pathways to Health Equity seeks to delineate the causes of and the solutions to health inequities in the United States. This report focuses on what communities can do to promote health equity, what actions are needed by the many and varied stakeholders that are part of communities or support them, as well as the root causes and structural barriers that need to be overcome.

Essentials of Cultural Anthropology: A Toolkit for a Global Age-Kenneth J Guest 2017-11-26 The most successful new textbook in a generation, Ken Guest’s text shows students that now, more than ever, global forces affect local culture. Students learn that the tools of cultural anthropology are relevant to their life in our globalized world. The NEW InQuizitive course helps students focus their reading, master the basics, and come to class prepared.

A New History of Modern Latin America-Lawrence A. Clayton 2017-08-01 A New History of Modern Latin America provides an engaging and readable narrative history of the nations of Latin America from the Wars of Independence in the nineteenth century to the democratic turn in the twenty-first. This new edition of a well-known text has been revised and updated to include the most recent interpretations of major themes in the economic, social, and cultural history of the region to show the unity of the Latin America experience while exploring the diversity of the region’s geography, peoples, and cultures. It also presents substantial new material on women, gender, and race in the region. Each chapter begins with primary documents, offering glimpses into moments in history and setting the scene for the chapter, and concludes with timelines and key words to reinforce content. Discussion questions are included to help students with research assignments and papers. Both professors and students will find its narrative, chronological approach a useful guide to the history of this important area of the world.

A History of Western Music-Donald Jay Grout 1996

U.S.-James West Davidson 2021-02 “From five distinguished scholars comes one approachable and compelling narrative. U.S.: A Narrative History tells the stories of the American people in a concise and visually appealing way. The engaging narrative, crafted by a team of authors representing different eras, regions, topics, and approaches, showcases the diversity and complexity of the American past and guides students to develop a more nuanced understanding of our present and future. This extremely readable program provides opportunities to engage with and uncover the history of America by leveraging the tools and practices that historians use to illuminate the past. The approachable narrative is sup-port ed by a comprehensive set of learning activities found in Connect: American History. By harnessing the power of Connect, your students will get the help they need, when and how they need it, so that your class time can be more rewarding for your students and you”--

The Play of Daniel Keyes' Flowers for Algernon-Bert Coules 1993 The Heinemann Plays series offers contemporary drama and classic plays in durable classroom editions. Many have large casts and an equal mix of boy and girl parts. This play is a dramatization of Daniel Keyes's story about a retarded adult who desperately wants to be able to read and write.

Lies My Teacher Told Me-James W. Loewen 2018-07-17 “Every teacher, every student of history, every citizen should read this book. It is both a refreshing antidote to what has passed for history in our educational system and a one-volume education in itself.” —Howard Zinn A new edition of the national bestseller and American Book Award winner, with a new preface by the author Since its first publication in 1995, Lies My Teacher Told Me has become one of the most important—and successful—history books of our time. Having sold nearly two million copies, the book also won an American Book Award and the Oliver Cromwell Cox Award for Distinguished Anti-Racist Scholarship and was heralded on the front page of the New York Times. For this new edition, Loewen has added a new preface that shows how inadequate history courses in high school help produce adult Americans who think
Donald Trump can solve their problems, and calls out academic historians for abandoning the concept of truth in a misguided effort to be “objective.” What started out as a survey of the twelve leading American history textbooks has ended up being what the San Francisco Chronicle calls “an extremely convincing plea for truth in education.” In Lies My Teacher Told Me, James W. Loewen brings history alive in all its complexity and ambiguity. Beginning with pre-Columbian history and ranging over characters and events as diverse as Reconstruction, Helen Keller, the first Thanksgiving, the My Lai massacre, 9/11, and the Iraq War, Loewen offers an eye-opening critique of existing textbooks, and a wonderful retelling of American history as it should—and could—be taught to American students.

The Book of Common Prayer, and Administration of the Sacraments, ... Together with the Psalter ...-Church of England 1737

Paul Revere's Ride-Henry Wadsworth Longfellow 1907

For the Record-David E. Shi 2009-12-01 A companion primary-source reader for America: A Narrative History.

Occupied America-Rodolfo Acuña 1988

Out of Many-John M Faragher 2015-04-28 NOTE: You are purchasing a standalone product; MyHistoryLab does not come packaged with this content. If you would like to purchase both the physical text and MyHistoryLab, search for ISBN-10: 0134126874 / ISBN-13: 9780134126874 / ISBN-13: 0205962068 and ISBN-10: 0205967779 / ISBN-13: 9780205967773. MyHistoryLab should only be purchased when required by an instructor. For courses in U.S. History Show students how diverse communities and different regions have shaped America Out of Many: A History of the American People, Eighth Edition offers a distinctive and relevant approach to American history, highlighting the experiences of diverse communities of Americans in the unfolding story of our country. The only American history text with a truly continental perspective, Out of Many offers community vignettes — from New England to the South, the Midwest to the far West — that help students see how diverse communities and different regions have shaped America's past. By focusing on particular communities and regions, Out of Many weaves the stories of the people and the nation into a single compelling narrative that continues to this day. Also available with MyHistoryLab® MyHistoryLab for the U.S. History Survey course extends learning online, engaging students and improving results. Media resources with assignments bring concepts to life, and offer students opportunities to practice applying what they've learned. And Writing Space helps educators develop and assess concept mastery and critical thinking through writing, quickly and easily. Please note: this version of MyHistoryLab does not include an eText. Out of Many: A History of the American People, Eighth Edition is also available via REVEL™, an immersive learning experience designed for the way today's students read, think, and learn.

A Righteous Cause-Robert W. Cherny 2014-08-04 Three times the Democratic Party’s nominee for president (1896, 1900, and 1908) and secretary of state under Woodrow Wilson, William Jennings Bryan voiced the concerns of many Americans left out of the post–Civil War economic growth. In A Righteous Cause: The Life of Williams Jennings Bryan, Robert W. Cherny presents Bryan’s key role in the Democratic Party’s transformation from the conservatism of Grover Cleveland to the progressivism of Woodrow Wilson. Cherny draws on Bryan’s writings and correspondence to trace his major political crusades for a new currency policy, prohibition, and women’s suffrage, and against colonialism, monopolies, America’s entry into World War I, and the teaching of evolution in the public schools.

Katrina-Andy Horowitz 2020-06-16 The definitive history of Katrina: an epic of citymaking, revealing how engineers and oil executives, politicians and musicians, and neighbors black and white built New Orleans, then watched it sink under the weight of their competing ambitions. Hurricane Katrina made landfall in New Orleans on August 29, 2005, but the decisions that caused the disaster extend
across the twentieth century. After the city weathered a major hurricane in 1915, its Sewerage and Water Board believed that developers could safely build housing away from the high ground near the Mississippi. And so New Orleans grew in lowlands that relied on significant government subsidies to stay dry. When the flawed levee system surrounding the city and its suburbs failed, these were the neighborhoods that were devastated. The homes that flooded belonged to Louisianans black and white, rich and poor. Katrina’s flood washed over the twentieth-century city. The flood line tells one important story about Katrina, but it is not the only story that matters. Andy Horowitz investigates the response to the flood, when policymakers reapportioned the challenges the water posed, making it easier for white New Orleanians to return home than it was for African Americans. And he explores how the profits and liabilities created by Louisiana’s oil industry have been distributed unevenly among the state’s citizens for a century, prompting both dreams of abundance—and a catastrophic land loss crisis that continues today. Laying bare the relationship between structural inequality and physical infrastructure—a relationship that has shaped all American cities—Katrina offers a chilling glimpse of the future disasters we are already creating.

An Indigenous Peoples’ History of the United States—Roxanne Dunbar-Ortiz 2014-09-16 2015 Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. In An Indigenous Peoples’ History of the United States, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: “The country can be rid of them only by exterminating them.” Spanning more than four hundred years, this classic bottom-up peoples’ history radically reframes US history and explodes the silences that have haunted our national narrative.

Ulysses—James Joyce 2016-05-04 ‘Ulysses’ is a novel by Irish writer James Joyce. It was first serialised in parts in the American journal ‘The Little Review’ from March 1918 to December 1920, and then published in its entirety by Sylvia Beach in February 1922, in Paris. ‘Ulysses’ has survived bowdlerization, legal action and bitter controversy. Capturing a single day in the life of Dubliner Leopold Bloom, his friends Buck Mulligan and Stephen Dedalus, his wife Molly, and a scintillating cast of supporting characters, Joyce pushes Celtic lyricism and vulgarity to splendid extremes. An undisputed modernist classic, its ceaseless verbal inventiveness and astonishingly wide-ranging allusions confirm its standing as an imperishable monument to the human condition. It takes readers into the inner realms of human consciousness using the interior monologue style that came to be called stream of consciousness. In addition to this psychological characteristic, it gives a realistic portrait of the life of ordinary people living in Dublin, Ireland, on June 16, 1904. The novel was the subject of a famous obscenity trial in 1933, but was found by a U.S. district court in New York to be a work of art. The furor over the novel made Joyce a celebrity. In the long run, the work placed him at the forefront of the modern period of the early 1900s when literary works, primarily in the first two decades, explored interior lives and subjective reality in a new idiom, attempting to probe the human psyche in order to understand the human condition. This richly-allusive novel, revolutionary in its modernistic experimentalism, was hailed as a work of genius by W.B. Yeats, T.S. Eliot and Ernest Hemingway. Scandalously frank, wittily erudite, mercurially eloquent, resourcefully comic and generously humane, ‘Ulysses’ offers the reader a life-changing experience. Publisher : General Press
MLA Handbook for Writers of Research Papers 2009-01-01 Provides guidelines and examples for handling research, outlining, spelling, punctuation, formatting, and documentation.

Exploring America-Ray Notgrass 2014

American Military History Volume II-United States Army 2019-09-13 World war-global war-was still to come. This second volume of the new edition takes up that story and extends it into the twenty-first century and the early years of the war on terrorism. American Military History provides the United States Army-in particular, its young officers, NCOs, and cadets-with a comprehensive but brief account of its past. The Center of Military History first published this work in 1956 as a textbook for senior ROTC courses. Since then it has gone through a number of updates and revisions, but the primary intent has remained the same. Support for military history education has always been a principal mission of the Center, and this new edition of an invaluable history furthers that purpose. The history of an active organization tends to expand rapidly as the organization grows larger and more complex. The period since the Vietnam War, at which point the most recent edition ended, has been a significant one for the Army, a busy period of expanding roles and missions and of fundamental organizational changes. In particular, the explosion of missions and deployments since 11 September 2001 has necessitated the creation of additional, open-ended chapters in the story of the U.S. Army in action.

The New South-Henry Woodfin Grady 1890
