He emphasizes the significance of the thaw in the relations between the two countries, and the potential for mutual benefit that could be achieved through increased cooperation.

Overall, this book offers a comprehensive and insightful analysis of the region, and provides valuable insights for policymakers looking to navigate the complexities of the current situation.
and this generally level-headed and balanced book will significantly enhance Lind's reputation in foreign policy circles." -- Foreign Affairs

America's Strategic Choices, revised edition - Michael E. Brown 2000-07-18

Contending perspectives on the future of US grand strategy. More than a decade has passed since the end of the Cold War, but the United States has yet to reach a consensus on a coherent approach to the international use of American power. The essays in this volume present contending perspectives on the future of US grand strategy. A range of experts assess primacy, cooperative security, selective engagement, and retrenchment as options for US foreign policy. The book includes the Clinton administration's National Security Strategy for a New Century, the most recent official statement of American grand strategy, so readers can compare proposed strategies with the official U.S. government position.

Management and Resolution of Inter-state Conflicts in Southeast Asia - Kamarulzaman Askandar 2002
